

ICADTS FOUNDATION

Stipends for professionals from low and middle income countries (LMIC) to attend the T2022 International Conference in Rotterdam, The Netherlands, August 28-31, 2022.

A Stipend (€ 2,000.00, including registration fees) is intended to help researchers, students and workers in the field of traffic safety and forensic toxicology to attend T2022.

ICADTS uses the categories of the World Bank for defining Developing and Transitional Countries. For the current 2021 fiscal year, low-income economies are defined as those with a Gross National Income (GNI) per capita, calculated using the [World Bank Atlas method](#), of \$1,035 or less in 2019; lower middle-income economies are those with a GNI per capita between \$1,036 and \$4,045; upper middle-income economies are those with a GNI per capita between \$4,046 and \$12,535; high-income economies are those with a GNI per capita of \$12,536 or more.

The ICADTS Foundation criterium for 2021 has been set based on a GNI less than US \$ 12,536.00 for deciding about the Developing and Transitional countries status for accepting the application.

Formal conditions:

- The application should be submitted by a person working in related fields of alcohol, drugs or traffic safety.
- Recipients of the Stipend will present (within 30 days after the Conference) a short report on their participation in T2022 for publication in the Newsletter of ICADTS, *The Reporter*.
